Welcome to our Football School
Season 2 activity kit!

It's great to see you again. I'm Alex.

And I'm Ben. We're your teachers.

We believe you can learn loads about
the world through football.

Here you'll be able to:

Design your own football team crest.

Learn what the rest of Europe calls 'football'.

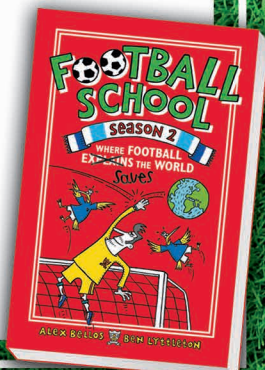

And create your own football stadium.

Get creative and we'll see you on the pitch!

DESIGN YOUR OWN TEAM CREST

Every football club has a symbol. Objects, colours and creatures on a coat of arms are used as symbols to represent something about the team. Use the space below to design your own team crest to reflect your team (you can even try and come up with your own team motto).

Here are our coats of arms with symbols and mottos that represent us. Use these for inspiration for your own.

MATCH THE WORD 'FOOTBALL' TO THE COUNTRY

The word 'football' was used in English about five hundred years ago. Many different countries introduced the word into their languages, but changed it slightly to fit their local rules for spelling and pronunciation. Match the country to their word for 'football' (we've left some in to get you started!)

DESIGN YOUR OWN FOOTBALL STADIUM

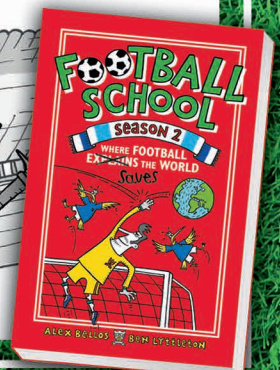

Stadiums are buildings where football matches take place in front of spectators. They are often enormous, towering structures that dominate the skyline of their cities. Design your own football stadium for your team.

Here are some stadiums
you can research for more
inspiration.
